DESCRIPTION

A unique blend of lubricants and solvents specifically formulated to dissolve and penetrate through rusted, corroded, and frozen parts. This rust-busting formula makes removal of rusted and frozen parts easier, safe and faster.

This multipurpose product is great for a wide variety of maintenance tasks. It displaces moisture and provides rust and corrosion protection. Additionally, it provides penetrating lubrication for overtightened nuts, bolts and parts. Saves time and labor while easing the mechanic's job.

FEATURES • BENEFITS • USES

Four products in one! Penetrates, lubricates, displaces moisture and prevents rust and corrosion on metal surfaces. Non-flammable spray for safe use in areas of high heat.

- Dries wet electrical and ignition systems
- Excellent light all-purpose lubricant
- Penetrates and loosens frozen nuts and bolts
- Prevents rust, when sprayed on metal surfaces
- Makes assembly and disassembly of machinery easier

FOR USE ON: Wet electrical Systems; Frozen Nuts & Bolts; Mechanical Linkages; Squeaking Metal Parts; Stops Tools & Dies from Rusting
