

PRODUCTS CHEMICAL

BOLT

- Eliminates costly equipment
- Floor finish removal achieved without a floor machine, stripping pads or excessive rinsing
- Saves on costly labor
- Quickly penetrates and liquefies old floor finish
- Evaporates quickly and completely
- Leaves no residue of alkali film
- 30% stronger -- more effective than other no-rinse strippers
- Seals floor totally
- New coats of finish bond perfectly with floor surfaces
- Use with either a wet-vac or a mop and bucket

Hi-tech. Aggressive. Made to remove urethane finishes. This no-rinse evaporating floor finish stripper has unusual penetrating and liquefying properties for removing finishes from floors quickly. When used as directed, this stripper will totally re-liquefy old floor finish buildup and soil with the figurative speed of lightning. Floor finish removal is accomplished without the use of floor machines, stripping pads and excessive costly labor.

For use on: (test in an inconspicuous section for color fastness of flooring) Asphalt, Ceramic Tile, Concrete, Marble, Quarry Tile, Rubber, Slate, Stone, Terrazzo, Vinyl, Vinyl Asbestos

Packaged: Drums, 5- gallon Pails, 4- 1 gallons
Appearance: Clear liquid
Fragrance: Characteristic
pH (of concentrate): 13.50
Flash point: None. Nonflammable

Dilute product accordingly with hot water. Normal stripping: 1 part to 10 parts water (13 oz. per gal.). Aggressive stripping: 1 part to 5 parts water (26 oz. per gal.). Apply liberally with mop to floor. Be sure to leave surface very wet. Allow to remain 3-4 minutes and remop. Pick up solution using a wet vac. Allow floor to dry thoroughly. No rinsing is necessary if treated surfaces appear free of dust after drying.

Keep out of reach of children. Do not take internally. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Do not use product undiluted. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss or damage if product is used in any manner not in compliance with label directions or if precautions are not observed. For chemical emergency, spill, leak, fire, exposure or accident, call 1-800-535-5053.

EYES: Immediately flush with large amounts of water for at least 15 minutes. Remove contact lenses and continue flushing. Immediately get medical attention. ON SKIN: Remove and wash contaminated clothing before use. Flush contaminated skin with plenty of water. Get medical attention if irritation persists. IF SWALLOWED: Do not induce vomiting or give anything by mouth to an unconscious person. Seek medical attention.
