

PRODUCTS CHEMICAL

BRITE LIFE

- Shines, shines, shines
- Formulated to exhibit a tight, dense film that is extra tough, yet flexible
- Provides spectacular, scuff-resistant gloss for frequently burnished floors
- Saves on costly labor
- Easy to apply with minimum mop drag
- Fast dry time, quick recoatability
- Easily repairable
- Seals floor totally, to simplify product application
- New coats of finish bond perfectly with floor surfaces
- With proper maintenance, tough enough to last more than a year with-out stripping, while retaining its original deep luster

The chemistry of this Maximum Speed Floor finish provides the perfect balance of wearability and unparalleled film clarity for a superior gloss. It is formulated to exhibit a tight, dense film that is extra tough, yet flexible. Tough enough to dry burnished daily with only periodic restoration. Gloss restores easily with mop-on restores or spray buff. Designed to repel black heel marks, resists most scuffs and scratches. With proper maintenance the finish will last more than one year without stripping, while retaining its original luster. Finish will not powder, is never soft or tacky.

For use on most composition and hard surface floors
Asphalt, Ceramic Tile, Concrete, Marble, Quarry Tile,
Rubber, Slate, Stone, Terrazzo, Vinyl, Vinyl Asbestos
...schools, hospitals, nursing homes, offices hotels, recreation centers,
kitchens, restaurants, corridors

Solids 23%
Packaged: Drums, 5- gallon pail, 4- 1 gallon case
Appearance: Milky liquid
Fragrance: Characteristic
pH: 9.00
Flash point: None. Nonflammable
Coverage: 3,000 square feet per gallon
Dry time: 20-30 minutes per coat

Thoroughly clean the floor and remove all old wax or finish using a solution of a concentrated wax and finish stripper. Rinse well with clear water and allow to dry. Apply 2 coats of sealer. Wait 30 minutes between coats. Apply the finish using a lamb's wool applicator or a cotton or rayon mop. With ultra high speed/propane burnishing machine, burnish between coats for optimum performance.

Keep out of reach of children. Keep out of eyes. Avoid prolonged skin contact. Harmful if swallowed. To avoid contamination, do not return used material to original container. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if pre-cautions are not observed. For chemical emergency, spill, leak, fire, exposure or accident, call 1-800-535-5053.

EYES: Immediately flush with large amounts of water for at least 15 minutes. Remove contact lenses and continue flushing. Immediately get medical attention. ON SKIN: Remove and wash contaminated clothing before use. Flush contaminated skin with plenty of water. Get medical attention if irritation persists. IF SWALLOWED: Induce vomiting. Drink plenty of water. Seek medical attention.
