

CHOKE-IT/CLEAR/ SOLVENT ODOR

DESCRIPTION

Quickly and thoroughly removes various soils from carburetors, chokes, and their components. A balanced blend of powerful industrial solvents for speedy and thorough penetration and removal of grease, gum, carbon, dirt, varnish, and other soils. Harmless to catalytic converters, and oxygen-sensor safe. Fast drying. Leaves no film to cause sticking. Use to clean carburetors, linkages, automatic chokes, heat rise valves, PCV valves, to cool automatic choke thermostatic coils, springs and pistons for fast adjustment.

VOC Value: 4.15#/ga 497.91 gr/Liter
 Drum: Plain/Plastic
 Boil: 160
 Vom: 1
 MSDS type: 8
 FlamUP: 0
 SPGR: 1.06
 Volatile: 100
 pH: 6
 Flash point: 0

DIRECTIONS FOR USE

Extremely Flammable. Use with care. For Carburetor and Automatic Choke- With engine oil--Spray liberally to thoroughly wet exterior of carburetor body, linkages, choke and adjacent surfaces. Allow 1-2 minutes soak. Then flush soils from surface with force of spray. With Engine Running- Remove choke cover and clean internal components. Replace cover and adjust choke. Choke-Ir Carb leaves surfaces clean-- no residues to trap dirt, dust and grease. For Manifold Heat Rise valves- Spray ends of heat riser valve shaft while working counterweight up and down. Do not oil shaft after freeing. For PVC Valves- With engine oil- Remove PVC valve and detach rubber hose with air pressure and replace assembly.

KEEP OUT OF REACH OF CHILDREN

Avoid contact with automobile finishes. **Precautionary Statements: Prevention.** Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container tightly closed. Ground/bond container and receiving equipment. Use explosion-proof electrical/ ventilating/lightning equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust/ fume/gas/mist/vapor/spray. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in well-ventilated area. Wear protective gloves/eye protection/face protection.

FIRST AID

EYES: Rinse cautiously with water for several minutes. remove contact lenses, if present and easy to do. Continue rinsing. Immediately contact physician. **IF SWALLOWED:** Immediately call POISON CENTER or doctor. Immediately seek medical attention. **IF ON SKIN:** Flush affected area with large amounts of water. Remove contaminated clothes. Seek medical attention. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.
