

PRODUCENTS CHEMICAL

ENZYME DRAIN MAINTAINER

ACTIVE LIQUID CULTURES

Formulated with bacteria enzymes to unclog drains the safe way

Bacterial strains are heat durable and bleach resistant.

NEUTRALIZES MALODORS

Removes organic odor--then deodorizes. Keeps drains fresh-smelling and free-flowing

IN HARMONY WITH ECOLOGY

NON-TOXIC, NON-POLLUTING,
BIODEGRADABLE

POWERFUL

Controls grease build up and organic waste. Safe around people, plants and marine life. Will not harm septic tank bacteria.

CONTAINS NO HARSH ACIDS OR CAUSTIC MATERIAL

Will not harm plumbing or pipes. Safe in plastic pipes.

CONVENIENT & READY TO USE

DESCRIPTION

The synergistic blend of cultured bacteria enzymes, detergents and deodorants will digest and liquefy paper, detergent, grease, hair, fat and other wastes to free drains, pipes and grease traps. It will restore normal biological activity to septic tanks and sewage plants. The bacterial strains contained in this product are heat durable and bleach resistant.

APPLICATION

Convenient - Ready to use liquid Use in problem areas such as:

Bar sinks, Cesspools, Drains, Grease traps, Septic plants, Urinals, Laun-dry drains, Portable toilets, Dishwasher drains, Garbage disposals, Drain fields, Rendering plants, Sewage plants, Locker rooms, Showers

DIRECTIONS

Drains and grease traps vary in size and condition and therefore allowances must be made for the kind and quantity of material to be dissolved.

NOTE: Drains previously treated with disinfectants, detergents, deodorants, or other chemical cleaners should be rinsed with fresh water before applying this product. Strong caustics, lye, acids, or extremes in hot or cold water destroy enzyme action.

SPECIFICATIONS

Packaged:Drums, 5 gallon pails, 4- 1 gallons, 12 quart case
Appearance:White turbid liquid
Fragrance: Citrus
pH: 7.00
Solubility in water: Complete
Authorization: Previously met the USDA standards for
use in federally inspected meat and poultry plants

Bacteria perform within a pH range of 5.0-11.5 with the optimum near pH 7.5. Temperature affects the activity of the working and action increases with rising temperatures up to 100°F. No activity can be expected below 33°F

PRECAUTIONS

Keep out of reach of children. Do not take internally. Keep out of eyes. Avoid prolonged skin contact. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if precautions are not observed.

FIRST AID

EYES: Flush with large amounts of water for at least 15 minutes; contact physician. IF SWALLOWED: Induce vomiting. Drink large quantities of water. Seek medical attention. EXTERNAL: Flush with large amounts of water. Remove contaminated clothes. Seek medical attention.
