

PRODUCTS CHEMICAL

EQUIPMENT WAX

HEAVY EQUIPMENT COATING MATERIAL

READY TO USE

Spray, brush, or roll the wax coating material onto load bed of trucks, or plows to reduce friction and increase capacity.

INCREASES EFFICIENCY

The latest chemical additives are incorporated in this product to increase efficiency by plating the blades with hard, diamond-like particles

OF SNOW REMOVAL EQUIPMENT

This reduces the friction of the snow and slush against the blade and reduces the power required to remove a greater volume of snow and ice

PROTECTS EQUIPMENT FROM RUST AND CORROSION

A special rust and corrosion inhibitor is part of the formula. Equipment may be used right after application, eliminating down-time problems

DESCRIPTION

The latest chemical additives are incorporated into the product to increase the efficiency of snow removal equipment by plating the blades with hard, diamond-like particles. Reduces friction. When applied to the load bed of trucks it aids in easy, complete dumping.

APPLICATION

Reduces friction • Increases capacity • Prevents piling

*Protects against rust and corrosion Dump
trucks • Snow plows • Equipment*

DIRECTIONS FOR USE

DUMP TRUCKS: Spray or brush on load beds of trucks to aid in easy, complete dumping.

DIRECTIONS

Apply with hand sprayer, paint roller or brush. Apply before a snow removal period. If reapplied at the end of each work period the equipment will be protected from rust and corrosion during a time of inactivity and be ready to go when next required. A special rust and corrosion inhibitor is a part of the formula. Plow may be used immediately after application, but if time permits, a drying time of 20-40 minutes is recommended.

SPECIFICATIONS

Packaged:Drums, 5- gallon pail
Appearance: Milky liquid
Fragrance: Characteristic
pH: 9.00
Flash point: None. Nonflammable

PRECAUTIONS

Keep out of reach of children. Possible eye or skin irritant. Keep out of eyes. Avoid prolonged skin contact. Do not take internally. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if precautions are not observed.

FIRST AID

EYES: Flush with large amounts of water for at least 15 minutes; contact physician. IF SWALLOWED: Induce vomiting. Drink large quantities of water; consult physician. EXTERNAL: Flush with water.
