

PRODUCTS CHEMICAL

ESCAPE

heavy duty
degreaser

SOLVENT FREE

All natural ingredients
Inherently biodegradable
Eliminates volatile

POWERFUL BETTER HIGH DILUTION CLEANING

Super concentrated. For floors and other cleaning adaptable by dilution to any degree of soil. Product is nonflammable, water soluble and compatible with today's high gloss finishes.

CLEANS EVERYTHING CLEANER, FASTER, EASIER AND MORE ECONOMICALLY

Designed to meet today's demand for an easy-to-use liquid degreaser. May be used to clean any water washable surface in the plant or office, even metal and plastic parts.

VERSATILE CLEANER

Combines active ingredients with no-toxic, low odor, water soluble ingredients . General maintenance cleaning is accomplished with one product rather than many.

DESCRIPTION

A super concentrated, heavy duty liquid cleaner/degreaser for floor and other cleaning. Adaptable by dilution to any degree of soilage. May be used to clean any washable surface, including industrial cleaning and degreasing of machinery. Product contains only all natural ingredients. It is VOC-free; it allows for improved indoor air quality. It is solvent-free, odor-free and inherently biodegradable.

APPLICATION

For difficult cleaning jobs in:

INDUSTRIAL PLANTS: For removing grease and oil from machinery and equipment, for cleaning metal in dip tanks.

GENERAL CLEANING: For removing grease, grime, lipstick, crayon marks and rubber burns. Mop, wipe or spray on surface and watch dirt and grease float away.

KITCHEN: Excellent for removing grease and dirt from ovens, exhaust fans, hoods, and other equipment.

GARAGES: For cleaning engines and exhaust stains from trucks and buses.

DIRECTIONS

VERY HEAVY CLEANING: Start with a dilution of 1 part HEAVY DUTY CLEANER with 2 parts cold or warm (not hot) water, and dilute this solution until a good cleaning job is achieved at the most economical dilution rate. No hard scrubbing is required. Just apply the solution, let it soak in, and rinse off with water.

FOR FLOORS: Mix 1 part HEAVY DUTY CLEANER with 16 to 64 parts water, depending upon the amount of dirt and grease to be removed. Spray or mop cleaner onto floor, allow it to stand a few minutes (do not allow it to dry) and pick up with a clean mop. Rinse floor with clear water.

FOR WALLS: Mix 1 part Cleaner with 32 to 128 parts water. Starting at the bottom of wall, wash upwards using horizontal strokes. Rinse frequently with clear water. Before using on water-base paint, test a small section for color fastness.

FOR LIGHT CLEANING JOBS: Mix 1 part of Cleaner with 128 parts water. Apply, let stand, and rinse with clear water.

SPECIFICATIONS

Packaged: Drum, 5 gallon pail, 4- 1 gallons

Appearance: Yellow liquid

pH: 10.8

Flash point: None. Nonflammable

PRECAUTIONS

Keep out of reach of children. Keep out of eyes. Avoid prolonged skin contact. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if precautions are not observed.

FIRST AID

EYES: Flush with large amounts of water for at least 15 minutes. Contact physician if irritation persists. **IF SWALLOWED:** Do not induce vomiting or give anything by mouth to an unconscious person. Seek medical attention. **EXTERNAL:** Flush with water.
