## GARAGE FLOOR CLEANER POWDER

Concrete Floor Cleaner Powder quickly soaks into grease, oil and dirt on cement floors. It loosens and dissolves hard-to-get, embedded soil and floats it to the surface so it can be easily rinsed away. Pleasantly pine scented. Will not dry to a slippery finish. When used on grimy concrete surfaces, it will prevent grease and oil from being tracked into other areas.

### Features

#### **Works Well On The Heaviest Soil**

#### **Use to Clean Most Concrete Floor Areas**

#### **Easy-to-Use, Versatile Too**

#### **Fast & Effective**

#### **Helps Prevent Slips & Falls**

### Benefits

Quickly soaks into oil, grease and dirt on concrete floors. Even hard-to-get, embedded soil is flushed out -- ready to be rinsed away.

Recommended for use on concrete floors in garages, service stations, factories, driveways, food processing plants and bottling plants.

Just follow dilution directions that are suggested for either general cleaning, heavy-duty cleaning, or even for painted concrete floors. Dissolves in water completely and quickly. No waiting, rinses fast.

Since it quickly and effectively removes oil and grease from pavement surfaces, the concrete dries lighter in color. The difference is very visible.

Reduces chances of accidents caused by buildup of oil and grease stains. Also helps prevent tracking onto carpets and car interiors.

# TECHNICAL INFORMATION

## Applications

Garages, Factories, Driveways, Food Processing Plants, Service Stations, Lube Rooms, Bottling Plants, Rest Rooms, Parking Lots, Drive-Ins,

## Specifications

Packaged: . . . . . 50- pound pails  
Appearance: . . . . .Crystallized granules  
Color . . . . . Orange  
Fragrance: . . . . . Pine  
pH (of concentrate): . . . . . 12.00  
Detergency: . . . . .Excellent

Ingredients not toxic under Section 313 of Title III, (SARA) and 40 CFR Part 373
