

PRODUCTS CHEMICAL

LIQUID ACID ETCH

DESCRIPTION

A ready to use liquid acid etch and cleaner for the surface preparation of un-sealed concrete floors prior to applying a seal or finish. Can clean and etch in one operation.

FEATURES & BENEFITS

- Neutralizes highly alkaline surfaces of concrete allowing it to readily accept seal.
- No fumes.
- Cleans and etches in one operation.
- Opens the surface pores of concrete to permit proper adhesion of sealer and finish.

TECHNICAL INFORMATION

SPECIFICATIONS

Packaged: 5 gallon pails or (4x1) gallons
Appearance: Yellow liquid
Fragrance: Characteristic
pH (of concentrate): 1.50
Flash Point : None

DIRECTIONS:

LIGHTLY SOILED FLOORS

Apply Liquid Acid Etch full strength using scrubber or hard agitation. Rinse thoroughly and check for any soil, which may still remain. Repeat process in these areas.

HEAVILY SOILED FLOORS

Use floor machine with wire or heavy grit brush. Scrub floor using an aqueous cleaner. Rinse thoroughly. Add Liquid Acid Etch to wet floor at the rate of 400 square feet per gallon. Brush to distribute uniformly. Let set 2-3 minutes then rinse thoroughly.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not take internally. Do not get in eyes. Do not use in the presence of unprotected food. Work in a well-ventilated area. *Do not mix with bleach, mildew stain remover or any other household chemicals.* Hazardous gases may be released. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if precautions are not observed.

NOTE: Not for use on natural marble, stone, aluminum, galvanized metal, fabric or carpet. Do not let formula stay on metal, rinse immediately.

FIRST AID

EYES: Flush with large amounts of water for at least 15 minutes. Consult physician if irritation continues. IF SWALLOWED: Do not induce vomiting or give anything by mouth to an unconscious person. EXTERNAL: Flush with water.
