

PRODUCTS CHEMICAL NEUTRAL RINSE

alkali, grease
and residue
remover

THE CLEANER CLEANER

Removes unwanted "alkaline ice" from wax stripper. Leaves the floor neutral and free of soap and detergent residue.

REMOVES UNSIGHTLY STAINS

Removes "soap scum" and "water hardness" stains from shower stalls and walls. Leaves the area sparkling and clean without the need to use hazardous acid type materials.

REMOVES UNATTRACTIVE "WHITE RESIDUE"

Removes the unattractive "white residue" from tracked-in ice melters. Leaves entry ways and walk-off mats free of the white salt deposits of ice melters.

USDA AUTHORIZED FOR USE IN FOOD HANDLING ESTABLISHMENTS

Removes the streaks of "soap film" from stainless steel, porcelain and chrome fixtures. Leaves the areas free of grease and soil without streaks.

DESCRIPTION

This product is designed specifically for removal of soap and hard water film, alkali residue, grease, protein and salts which are not removed with ordinary cleaners. This formulation contains no acid and can be used as a rinse and to clean and degrease all hard surfaces.

APPLICATION

Use to rinse all resilient tile after wax stripping, to clean all masonry surfaces, to remove ice melter residue tracked in on floors

REMOVES SOAP AND HARD WATER FILM, GREASE, PROTEIN AND SALT

DIRECTIONS FOR USE

For light buildup of alkali, grease, soap film, or lime, use 4 ounces (1/2 cup) for each gallon of water. Heavy accumulations may require 8 to 12 ounces (1 to 1-1/2 cups) for each gallon of water. In extreme cases, use with equal parts water.

SPECIFICATIONS

Packaged: Drums, 5- gallon pails, 4- 1 gallons
Appearance: Green liquid
Fragrance:Floral
pH (of concentrate):7.00
Rinsability:Complete
