

PRODUCTS CHEMICAL

PEARL CAR WASH & WAX

car/vehicle
wash
concentrate

LOOSENS AND FLOATS DIRT AWAY

An economical liquid concentrate that removes all types of soil -- road film, oil, grease, mud, salt. It quickly loosens and floats away dirt, dust, grime, insects and road film. Safe for automobile finishes.

NON-CLOGGING

Perfect for hand washing, coin operated or automatic washing operations. Leaves a wax film that makes water "bead up." Will not harm brushes or equipment. Can be used on cars, trucks, and buses.

HIGHLY CONCENTRATED

Economical to use. As little as one ounce per gallon of water gives mountains of active suds that clean thoroughly and rinses freely.

FAST ACTING

Easy to use! A time saver! Fast acting. Concentrated cleaner mixes completely with water and goes right to work. It contains no film-forming soaps and will not dull, water-spot or streak painted surfaces, windows or chrome. A real labor saver -- does the job right the first time!

DESCRIPTION

A highly concentrated car wash detergent that will provide a superior cleaning solution which will successfully and efficiently remove all types of soil including road film, oil, grease, mud, salt, etc. Car wash detergent can be used on all types of enamels. It will not harm brushes or other equipment. It contains one special ingredient which forms a lubricant between the brush and the enamel surface. It also contains another special ingredient which will prevent fungus and/or bacteria growth in sumps of recirculating systems.

APPLICATION

FOR USE IN EITHER A SIPHON SYSTEM OR A PRESSURE WASH SYSTEM

Will not strip or remove normal auto polish or wax.

Non-clogging -- will not clog distribution valves and spray jets.

DIRECTIONS FOR USE

This car wash detergent is highly concentrated and will successfully perform in either a siphon system or pressure system. The following are dilutions for starting and should be adjusted stronger or weaker to attain the most efficient, economical solution.

For siphon system, put 3½ gallons CAR WASH DETERGENT into a solution with 51½ gallons of water. Soft water may allow this to be reduced to 3 gallons to 52 gallons water. For pressure system, force into water line at the rate of ¾ ounce per each auto.

SPECIFICATIONS

Packaged: Drums, 5- gallon pails, 4 1-gallon
Appearance: Red liquid
Fragrance: Citrus
pH (of concentrate): 7.50
Solubility: Complete
Hard water tolerance: Excellent
Flash point: None. Nonflammable

PRECAUTIONS

Keep out of reach of children. This product contains materials subject to the reporting requirements of SARA, Section 313 Emergency Planning & Right-to-Know Act. Do not take internally.
