DESCRIPTION

Spray Buff is designed to buff-clean scuff and wear marks from finished floorings merely by spraying product onto the damaged area during a normal buffing or polishing operation. SPRAY BUFF imparts a protective slip-free coating to the worn or damaged area thus restoring the floor to an overall good appearance. Daily use of this product, using the spray-buff technique, will reduce greatly the cost of floor maintenance..

APPLICATION

For use on all finished floors
...schools, hospitals, nursing homes, offices hotels, recreation centers,
kitchens, restaurants, corridors

DIRECTIONS FOR USE

Spray a fine mist of floor finish restorer onto the damaged floor areas during the buffing operation. Buff dry, using either a polishing brush or a spray buff pad under a floor machine. Buff until floor has been restored and polished.

An alternate method is to first clean the floor with a suitable detergent. Rinse, using about 2 capfuls of product to an average size mop pail of clear water. After rinsing with solution allow to dry and then buff and polish as indicated.
