

PRODUCTS CHEMICAL

ULTRADYNE

Powerful Shop Floor Cleaner

- **Designed for tough jobs**
- **Instantly dissolves and emulsi-fies heavy grease and dirt accumulations**
- **Cleans everything cleaner, faster, easier and more eco-nomically**
- **Works in hard or soft water**
- **Designed to meet today's demand for an easy-to-use liquid degreaser**
- **General maintenance cleaning is accomplished with one product rather than many**
- **Apply by mop or brush, pres-sure washer, steam jennies**
- **Non-flammable**
- **Environmentally friendly**

Ultradyne is a unique super concentrated, heavy duty industrial shop floor cleaner/degreaser. It is adaptable, by dilution, to any degree of soil. It may be used to clean any washable surface in the plant, office, garage or kitchen. It contains no carbon tetrachloride solvents. It is effective in dissolving heavy deposits of oxidized waxes and polymers, thick layers of down-trodden greases, baked on deposits of carbon, soot, resins, gum, oils, dyes, inks, and hard water soap scum.

Ultradyne, a powerful cleaner is a balanced chemical compound formulated for difficult jobs.

DESCRIPTION

Get everything clean with this powerful cleaner/degreaser. The super concentrated formula quickly penetrates and lifts out grease, oil, ink, coffee and other tough stains from any washable surface. Highly recommended for use in and around the factory, industrial plant, garage or kitchens. It is extremely fast acting. Can be used successfully in steam jennies, in pressure sprayers, hand mopping or any other mechanical or hand operation.

APPLICATION

The perfect cleaner/degreaser for any water-washable surface:
Floors, Wall, Kitchens, Tools, Offices, Machinery, Concrete, Garages, Schools, Restaurants, Factories, Motors, Plastic, Sinks, Counters, Cabinets, Sick Room equipment, Tile, Appliances

DIRECTIONS

VERY HEAVY CLEANING: Start with a dilution of 1 part ULTRADYNE CLEANER with 2 parts cold or warm (not hot) water, and dilute this solution until a good cleaning job is achieved at the most economical dilution rate. No hard scrubbing is required. Just apply the solution, let it soak in, and rinse off with water.

FOR FLOORS: Mix 1 part ULTRADYNE CLEANER with 16 to 64 parts water, depending upon the amount of dirt and grease to be removed. Spray or mop cleaner on floor, allow it to stand a few minutes (do not allow it to dry) and pick up with a clean mop. Rinse floor with clear water.

FOR WALLS: Mix 1 part Cleaner with 32 to 128 parts water. Starting at the bottom of wall, wash upwards using horizontal strokes. Rinse frequently with clear water. Before using on water-base paint, test a small section for color fastness.

FOR LIGHT CLEANING JOBS: Mix 1 part of Cleaner with 128 parts water. Apply, let stand, and rinse with clear water.

SPECIFICATIONS

Packaged Drums, 5 gallon pails, 4- 1 gallon case
Appearance Yellow liquid
Fragrance Characteristic
pH 12.0
Flash point: None. Nonflammable

This product contains materials subject to the reporting requirements of SARA,
Section 313 Emergency Planning & Right-to-Know Act.

PRECAUTIONS

Keep out of reach of children. Keep out of eyes. Avoid prolonged skin contact. Do not inhale vapor or spray. Harmful if swallowed. Rinse empty container with water and discard. This product is intended for industrial and commercial use and storage by trained service persons only. Manufacturer will not be responsible for any injury, loss, or damage, if product is used in any manner not in compliance with label directions or if precautions are not observed. For chemical emergency, spill, leak, fire, exposure or accident call 1-800-535-5053.

FIRST AID

EYES: Flush with large amounts of water for at least 15 minutes; contact physician. **IF SWALLOWED:** Do not induce vomiting or give anything by mouth to an unconscious person. Seek medical attention. **EXTERNAL:** Flush with water.
